So when tomorrow starts without me don't think we're far apart, for every time you think of me I'm right here in your heart...

On December 10th, Roman's parents, Zhanna & Iosif, along with his sister, Masha & her husband David, would appreciate you taking a moment to remember and celebrate Roman. Along with working in engineering for 16 years at Texas Instruments, Roman enjoyed spending time with his family, supporting his daughters in their endeavors, playing racquetball, and biking. As well as traveling, watching movies, cooking, and practicing Tae Kwon Do.

November 23, Roman would have celebrated his 58th birthday. A Scholarship Fund was created to honor his achievements and provide educational opportunities to others.
